

## 3-Hydroxyphenylacetic acid [98%]

|                  |                                              |
|------------------|----------------------------------------------|
| Catalog No.      | 56260035                                     |
| Size             | 5g                                           |
| Product Category | Fine Chemical                                |
| CAS No.          | 621-37-4                                     |
| Mol. Formula     | C <sub>8</sub> H <sub>8</sub> O <sub>3</sub> |
| Mol. Weight      | 152.147                                      |
